

www.bucksparts.com

Bucks Auto Parts is a company dedicated to the manufacture and supply of turbocharger mounting parts, such as mounting gaskets, oil lines, clamps and other parts. The parts are manufactured with advanced equipment, high quality materials and high control standards to meet or exceed the original factory specification. Meanwhile we offer different options to cope with the various needs of our customers in order to obtain the best solution in terms of economy and functionality .

Bucks Auto Parts provides one-stop service for all turbocharger mounting parts , which can save your time and cost. High quality, fast feedback and better service are always our business principles.

Our vision is to be the specialist offering turbocharger installation solutions ,with quality goods and professional services

- 1 3 or 4 layers to ensure perfect sealing
- 2 Material SS310 has better heat resistance
- 3 High-quality production processes that meet or exceed OE standards
